CENRIFKI™ REMS LIVER ADVERSE EVENTS REPORTING FORM

Adverse events suggestive of serious and potentially fatal liver injury must be reported to the CENRIFKI™ REMS.

You can complete and submit this form:

- Online at CENRIFKIREMS.com
- By fax to the CENRIFKI™ REMS at 1-877-912-0072
- By calling the CENRIFKI™ REMS at 1-877-588-0909

Adverse events can also be reported to the REMS when the CENRIFKI™ **Patient Status Form** is due. If an event is submitted via the **Liver Adverse Events Reporting Form**, it is not necessary to also submit **the same event** on the **Patient Status Form** or contact the CENRIFKI™ REMS by phone. The **Patient Status Form** should still be submitted per the regular schedule outlined in the REMS.

CENRIFKI™ REMS LIVER ADVERSE EVENTS REPORTING FORM

Serious Adverse Events Reporting (Fields marked with an * are required.)

*My patient experienced a serious and potentially fatal liver injury. ☐ Yes ☒ No

Liver adverse events meeting any of the following criteria should be considered and reported as serious and potentially fatal liver injury.

- Development of any liver adverse events leading to liver transplantation or resulting in a fatal outcome or considered to be life-threatening, or
- Development of any liver adverse events meeting any of the laboratory criteria presented below:
 - ALT (Alanine aminotransferase) or AST (Aspartate aminotransferase) greater than 8 x ULN (upper limit of normal), or
 - ALT or AST greater than 5 x ULN for greater than 2 weeks, or
 - ALT or AST greater than 3 x ULN and total bilirubin greater than 2 x ULN, or
 - ALT or AST greater than 3 x and less than or equal to 5 x ULN with the appearance of fatigue, nausea, vomiting, right upper quadrant pain or tenderness, fever, rash, anorexia, jaundice, and/or eosinophilia

Event Information (see definition of seriousness criteria on page 3):

*Please select Yes or No for each seriousness criteria below:

*Death ☐ Yes ☒ No	*Life-threatening ☒ Yes ☐ No
*Hospitalization ☐ Yes ☒ No	*Important Medical Event ☒ Yes ☐ No

*Was treatment discontinued due to this event? ☐ Yes ☒ No ☐ Not Available

Liver Laboratory Information:

*Were liver enzymes (ALT/AST) elevated greater than 3 times ULN? ☒ Yes ☐ No ☐ Not Available

*Were there symptoms of liver injury? ☐ Yes ☒ No

If Yes (check all that apply): ☐ Fatigue ☐ Nausea ☐ Vomiting ☐ Right upper quadrant pain or tenderness
☐ Fever ☐ Rash ☐ Anorexia ☐ Jaundice ☐ Eosinophilia

Prescriber or Pharmacy Staff Signature (Fields marked with an * are required.)

The patient's prescriber will be contacted for further information regarding this report of a serious and potentially fatal liver adverse event. Pertinent laboratory results will be requested.

*Signature:

M. Columbus

*Date:

11/21/2025

*Printed Name:

Martin Columbus

*Submitted by: ☒ Prescriber ☐ Pharmacy Staff

If the patient has been discontinued from CENRIFKI™ treatment, the prescriber/prescriber delegate must notify the REMS.
