CENRIFKI™ REMS HEALTHCARE PROVIDER ENROLLMENT FORM**Healthcare Provider Attestations (Fields marked with an * are required.)**

By signing this form, I agree CENRIFKI™ is only available through the CENRIFKI™ REMS and I agree to comply with the following CENRIFKI™ REMS requirements:

I must:

- Review the **CENRIFKI™ Prescribing Information**.
- Review the **Program Overview** and **Education Program for Healthcare Providers**.
- Successfully completed the **Healthcare Provider Knowledge Assessment** and submitted it to the REMS.

Before treatment initiation with the first dose:

- I understand that I must counsel the patient on the risk of serious and potentially fatal liver injury and the requirement for liver function monitoring at baseline and periodically during treatment using the **Patient and Caregiver Guide** and the drug's Prescribing Information.
- I understand that I must provide a copy of the **Patient and Caregiver Guide** to the patient.
- I must assess the patient's baseline liver function and appropriateness of initiating treatment. Document liver function results and the appropriateness of initiating treatment and submit to the REMS using the **Patient Status Form**.
- I must enroll the patient by completing and submitting the **Patient Enrollment Form** to the REMS.

During treatment, weekly for the first 3 months, monthly for months 4 to 12, and then every 3 months during treatment

- I must assess the patient's liver function and appropriateness of continuing treatment.

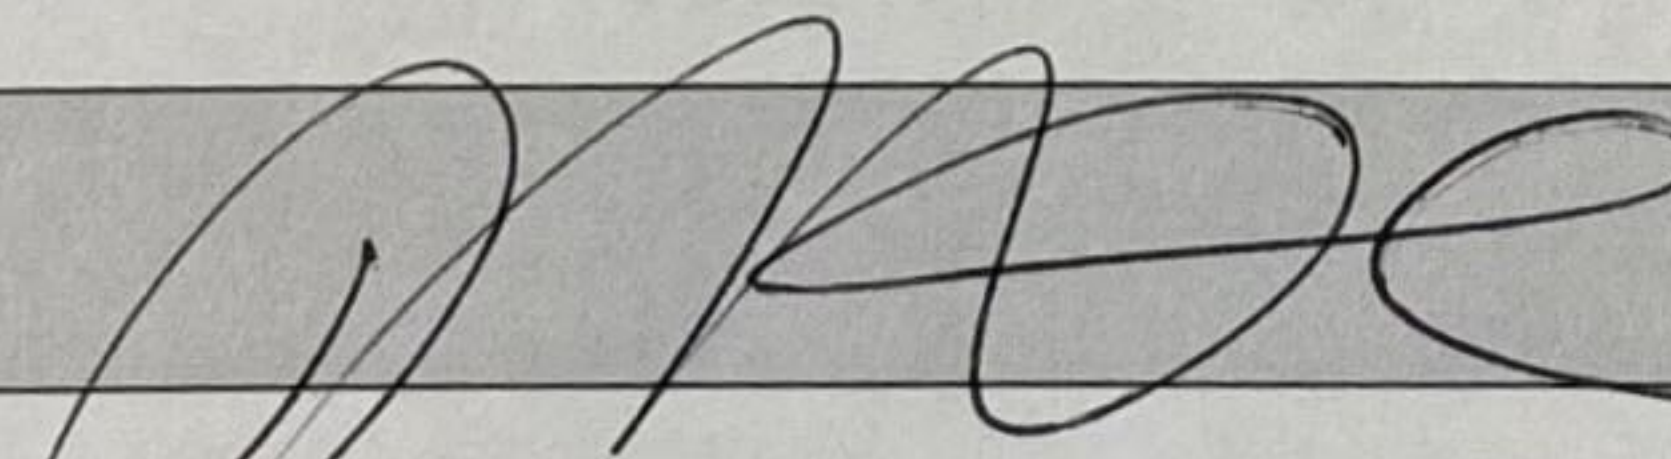

During treatment, monthly for the first 3 months and then every 3 months during treatment:

- I must document liver function results and the appropriateness of continuing treatment and submit to the REMS using the **Patient Status Form**.

At all times:

- I must report adverse events suggestive of serious and potentially fatal liver injury by contacting the REMS by phone, using the **Liver Adverse Events Reporting Form**, or using the **Patient Status Form**.
- I understand that Genzyme Corporation, and/or its agents, may contact me by phone, mail, email, text/SMS, or fax to provide or obtain additional information related to the REMS program, including details regarding any reported liver adverse events.
